Professional Summary

Computer Science and Engineering student skilled in Java, Python, Full-Stack Development, and Machine Learning with experience in web applications and cybersecurity projects. Strong foundation in Data Structures, OOP, problem solving, and REST API development. Seeking an entry-level Software Developer role.

Education

B.E. Computer Science and Engineering **2022 – 2026**
Sri Balaji Chockalingam Engineering College, Arni *CGPA: 8.2 / 10*

St. Joseph's Boys Higher Secondary School **2022**
HSC *70%*

Government High School **2020**
SSLC *64%*

Technical Skills

Programming Languages: Python, Java, JavaScript, SQL
Frontend: HTML5, CSS3, React
Backend: Spring Boot, REST APIs
Databases: MySQL
Core Concepts: Data Structures, Object-Oriented Programming (OOP), DBMS
Tools & Platforms: Git, GitHub, Visual Studio Code, Postman

Experience

Full Stack Developer Intern **July 2025 – August 2025**
On-site (Chennai)

- Built and deployed a full-stack web application using Django, HTML, CSS, and JavaScript, improving system usability and user interaction.
- Implemented secure user authentication and optimized database queries, reducing response time by 20%.
- Developed RESTful APIs and scalable backend services with CRUD operations for efficient data management.

Projects

Real-Time Cognitive Cybersecurity Threat Detection | *Python, Flask, Scikit-learn, REST API* | GitHub **2026**

- Designed and implemented an ML-based intrusion detection system using Random Forest and Isolation Forest algorithms for cyber threat detection.
- Performed data preprocessing, feature engineering, label encoding, and multi-class classification of attacks including DoS, Probe, R2L, and U2R.
- Developed a Flask-based dashboard with REST APIs for real-time alert monitoring and interactive security visualization.

E-Learning Web Application | *Java, Spring Boot, MySQL* | GitHub **2025**

- Built a role-based full-stack web application with secure authentication and course management functionality.
- Developed RESTful APIs for user management, content delivery, and course administration features.
- Integrated MySQL using Spring Data JPA for optimized data persistence and retrieval operations.

Certifications

- **Programming with Java** – NPTEL (2026)
- **Spring 5 Basics with Spring Boot** – Infosys Springboard (2025)
- **TCS iON Career Edge – Young Professional** – Tata Consultancy Services (2025)

Languages

- **Tamil**
- **English**
